(P. 1 of 2)

\*See other side for specific burning guidelines

**Permits are Limited to the Following Conditions:**

- Permit recipients shall keep the fire under control and assume responsibility for all damage and costs that may result from burning done under a permit.
- Attend the fire until completely extinguished.
- Shall not burn if there is a reasonable, practical alternative method for disposal of the material, i.e., chipping, composting or disposal at a state approval landfill site.
- Use a clean burning device to start the fire.
- Shall not conduct burning during any air quality alert.
- Shall not burn paper or cardboard.
- Shall extinguish the fire immediately if a permit is revoked.
- Have the permit, if issued, available at the burn site for inspection.
- The prevailing wind MUST be away from nearby occupied buildings.
- Fires will not be allowed to smolder without flame.

Prohibited Materials are: oils, rubber, plastics, tires, and chemically treated materials such as railroad ties, treated lumber, composite shingles, tar paper, insulation, composition board, sheet rock, wiring, paint, hazardous and industrial solid waste.

**I have read the permit conditions outlined above.**
